Subject: Report to FWS for Rozol and Kaput-D

Anita,

Attached is the draft report for Rozol and Kaput-D as outlined in the BiOps for these two products. We are still gathering some of the information for the attachments as indicated in the document in yellow highlight. We hope to confirm some of these issues with John on the ZP call today or early next week when he is back in the office. We are also working with Bob on making sure that the incident information is complete. Please have a look and let us know if you have any comments.

Thanks,
Melissa and Kaythi
